

## Market Update - Prodigy® 5 Star Gas

The brand new Prodigy 5 star gas storage water heater will be available shortly.

### Key Benefits

- Exactly replaces the installed footprint left by all Dux, Rheem, Vulcan 3 and 4 star gas storage units
- Simplest install of any 5 star gas storage water heater
- World's first patented technology that delivers outstanding gas efficiency by dramatically reducing heat loss after the heating cycle
- Outstanding delivery – can deliver well over 2,000 litres of hot water in a 24 hour period
- No electronic controls or electrical connection required
- Backed by a 10 year tank warranty including 1 year parts and labour
- Full mains pressure to all taps

### Other Features

- 2 capacities to choose from – 135L or 170L
- Adjustable thermostat for safety, efficiency and control over operating costs and performance
- Rapid reheat
- Available in both Natural Gas and LPG
- Duro-namel® tank lining for corrosion protection

### Model Numbers

The range will include the following models:

Model No.	Description
135D5N	135L Natural Gas
135D5L	135L LPG
170D5N	170L Natural Gas
170D5L	170L LPG
