

Electric

Model No.	EM50524L
Rated Capacity	50 Litres
Rated Power	2400 W
Rated Voltage	240V AC
Rated Frequency	50 Hz
Rated Pressure	1.0 MPa
Rated Temperature	60°C
Rated Flow Rate	1.2 L/min
Rated Efficiency	0.95
Rated Life	10 Years
Rated Warranty	5 Years
Rated Country of Origin	Australia
Rated Manufacturer	AquaMAX
Rated Date	10/2005

“High efficiency  
Compact 50 Litre  
Electric Water Heater”

# AQUAMAX 50 LITRE ELECTRIC WATER HEATER SPECIFICATIONS

## Compact 50L Electric Water Heater

The AquaMAX energy efficient 50 Litre Electric Water Heater is everything you asked for in a compact water heater. The 50 Litre Electric is 15% more efficient than MEPS (Minimum Energy Performance Standard) with all service inlets and outlets located to the front for easier access, and it is backed by a five year MAXI-name!® cylinder warranty.<sup>1</sup>

- **Dual Inlets & Outlets**
- **Easy Access & Installation**
- **Australian Made**
- **MEPS Compliant** (Minimum Energy Performance Standard)
- **Compact Size For A Better Fit**
- **Dual PTR Outlets** (Pressure Temp Relief Value)

Due to constant product improvements, the specifications are subject to change without notice.
