

VEEC ASSIGNMENT FORM

The creation of VEECs **requires evidence** that the system has been **decommissioned** and **removed from the premises** wherever practical. This can be fulfilled by the following:

- A photo of the old system which clearly shows it cannot be used anymore, e.g. it has a large hole in it and has the make, model and serial number written on the back or clearly in the photo or,
- A Declaration of Decommission (Part B of this document) has been fully completed.

PART A – APPLICATION FORM (RETURN TO QUANTUM)

Please return completed application forms via one of the following.

Be sure to keep a copy for your records and call 1800 383 888 to confirm receipt.

- Email: rebates@quantumenergy.com.au
- Post: PO Box 553, Strawberry Hills, NSW 2012
- Fax: 02 9699 7445

MANDATORY DECLARATION

I hereby declare that:

- I am the tenant/landlord/owner (please delete as appropriate) of the residence at the above installation address.
- where a replacement has occurred, the replaced heating system has been removed from the premises.
- the information provided by the installer in 6-8 is correct and complete.
- I understand that by signing this form I am assigning the right to create VEECs for the system to Quantum Energy Technologies.
- I have received/will receive an identifiable benefit from Quantum Energy Technologies in exchange for assigning my rights to create the VEECs for the above system.
- the Essential Services Commission has the right to inspect the installed system with reasonable notice.
- I understand that information on this form will be disclosed to the Essential Services Commission for the purpose of creating VEECs under the *Victorian Energy Efficiency Target Act 2007* and for related verification, audit and scheme monitoring purposes.
- I am aware that penalties can be applied for providing misleading information in this form under the *Victorian Energy Efficiency Target Act 2007*.

In exchange for assigning my right to create these VEECs I will receive from the Agent:

- Monetary Payment – Direct Deposit (amount to be confirmed)

Bank Name: _____	BSB: _____
Account number: _____	Account name: _____

Consumer Signature: _____

Date: _____

MANDATORY FORM FIELDS

To be completed by Consumer

1 Consumer Details			
Name:	First Name		Surname
Postal Address:	Street Address		
	City	State	Postcode
	Telephone		Fax
Contact Numbers:	Mobile		
	Email:		

2	Have you received a compliance certificate for the work?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
	Have you received a certificate of electrical safety for the work?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
	Have you taken a photograph of the decommissioned tank?	<input type="checkbox"/> Yes	<input type="checkbox"/> No

3 Solar Hot Water System Details	
Date of Installation: (DD/MM/YYYY)	___ / ___ / _____
System Brand:	Quantum
System Model: eg 270-11AC4-134	_____ - _____ - _____
Serial Number: eg SUZ012345	SUZ _____
Size of Tank:	_____ Litres
Compliance Certificate Number:	
(Copy of Certificate Must be Attached)	
Certificate of Electrical Safety Number:	

4 Form of Benefit Provided

Delayed cash

Refer to Part A – Mandatory Declaration for payment options and details.

5 VEEC ELIGIBILITY – Number of VEECs this system is entitled to:

I understand that this system is eligible for the following number of VEECs

To calculate the number of VEECs your system is eligible for, please refer to the VEEC Calculator:

<https://www.veet.vic.gov.au/Public/Calculator/VEECCalculator.aspx>

Important Information:

- Accredited persons must ensure that the number of VEECs created for a prescribed activity is correct and in accordance with the requirements of the Victorian Energy Efficiency Target Regulations 2008 (the Regulations).
- The ESC has prepared the VEEC Calculator to assist you, but you should not rely on this calculator to discharge your legal responsibilities.
- The ESC does not guarantee the accuracy of the calculator. It is up to you to verify the accuracy of your submission.

To Be Completed by Installer

6 Installer Details

Name:	First Name	Surname	
Company:	Company Name	ABN	
Postal Address:	Street Address		
	City	State	Postcode
	Telephone	Fax	
Contact Numbers:	Mobile		
	Email:		
Plumbing License Number:			
Electrician Licence Number:			

7

Decommissioning Activity Conducted

1C - Decommissioning electric and installing electric boosted solar

8

Installer Declaration

I hereby declare that:

- I am licensed to undertake the installation of the system.
 - the system has been installed in residential premises.
 - the replaced system has been removed from the residential premises and will be decommissioned (where installation does not involve a pre-heater or retrofit).
 - a photograph was taken of the decommissioned tank (preferably with 2 holes drilled into the tank)
 - the installation meets all laws, standards, building codes and local council requirements.
 - the information provided is complete and accurate and that I am aware that penalties can be applied for providing misleading information in this form under the *Victorian Energy Efficiency Target Act 2007*.
-

Installer Signature:

Date:

Part B - Declaration of Decommission (RETURN TO QUANTUM)

1	Consumer Details		
Name:	First Name	Surname	

2	Decommissioned Hot Water System Details		
System Brand & Model (if legible):	Brand	Model	
Serial Number (if legible):			
Approximate Age:			
System Type:			

3	Decommissioning Details	
Method of Decommissioning:		
Method of Removal (or reason if not removed):		

Have you attached a photograph of decommissioned tank?

Yes No (if no, please provide a reason)

Installer Name: _____

Signature: _____ Date: _____

PART C – VEEC GUIDELINES (DO NOT RETURN TO QUANTUM)

VEECs are managed by the Victorian Government Victorian Energy Efficiency Target under the Essential Services Commission.

For more information, please contact:
Victorian Energy Efficiency Target
Lvl 2, 35 Spring St, Melbourne VIC 3000
W <https://www.veet.vic.gov.au/>
T (03) 9651 4911 E veet@esc.vic.gov.au

To create Victorian Energy Efficiency Certificates (VEECs):

- You must be the owner of the VEECs, either by having installed an eligible system at your property, or by having the VEECs correctly assigned to you by the original owner of the VEECs.
- You must have all the correct and signed documentation required to create VEECs.
- You must create VEECs within 6 months of the end of the calendar year in which the system was installed.

Guide for Creating VEECs for Quantum Heat Pump Systems

This guide explains how to create Victorian Energy Efficiency Certificates (VEECs). In the context of solar water heaters (SWHs), the calculation of a VEEC is the abatement factor x regional factor. The abatement factor is determined by the product and the regional factor is determined by the postcode.

The Victorian Energy Efficiency Target (VEET) is a Victorian Government initiative promoted as the *Energy Saver Incentive*.

Mandatory introductory information

Consumers in respect of whom a prescribed activity is undertaken can create Victorian energy efficiency certificates (VEECs) under the *Victorian Energy Efficiency Target Act 2007*. One VEEC represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the prescribed activity undertaken by the consumer.

Consumers are able to assign their right to create VEECs to an accredited person. In assigning their right to an accredited person, the accredited person will be entitled to create and own the certificates in respect of the prescribed activity undertaken by the consumer. In return, the accredited person should provide consumers with an identifiable benefit for the assignment, such as a price reduction on a product, free installation or a cash-back arrangement. Consumers should be aware that it is their responsibility to negotiate satisfactory terms with the accredited person in return for assigning their right to create VEECs.
