Fax Numbers HOME _____ WORK _____

Email _____

3. INSTALLATION DETAILS

Installation Address LOT/UNIT NUMBER _____ STREET NUMBER _____ STREET NAME _____ STREET TYPE _____
SUBURB/TOWN _____ STATE _____ POSTCODE _____

Date of Installation _____ / _____ / _____

System Model Number _____

Tank Details Model number _____ Serial number _____ Size (litres) _____

Collector Details Number of collectors _____
Serial Number (Collector 1) _____ Serial Number (Collector 2) _____ Serial Number (Collector 3) _____ Serial Number (Collector 4) _____

Boost Type Electric (Continuous, or day and night rate) Electric (night rate only) Gas In-tank Gas Inline
If boosted by a gas inline booster : Model Number _____ Serial Number _____

Installation Type New building Replace electric New installation on existing building (not replacing existing unit)
 Replace gas Replace solar or heat pump Other See point 2 of Terms and Conditions.

Does your system have a volume greater than 700L? No Yes If yes, then two **original Commonwealth Statutory Declarations** must be supplied.
 I have attached an original Commonwealth Statutory Declaration which confirms this system is appropriately sized, and
 I have attached an original Commonwealth Statutory Declaration, signed by myself or an authorised Business representative (where the "Owner" is a registered Company), declaring the system will remain installed in its original configuration and location for the life of the system.

These declarations MUST BE provided otherwise Certificates cannot be created for this installation. Examples of declarations can be found at www.orer.qov.au/forms/agent-stat-decs/htn

4. INSTALLER DETAILS

Licence Number _____

Business Name _____

First Name _____ Surname _____

Postal Address _____
SUBURB/TOWN _____ STATE _____ POSTCODE _____

Email _____

Contact Numbers PHONE _____ MOBILE _____ FAX NUMBER _____

5. PAYMENT DETAILS

Email _____
(where notification of payment will be sent)

Account Name _____

BSB _____ Account Number _____

Important: Ensure you enter the correct BSB & Account Number. They can be found on your bank statement. It is not the 16 digit number on your credit/debit card. We will only use your bank details to pay the financial benefit of this Certificate Assignment.

6. DECLARATION BY SYSTEM OWNER

- I have read both pages of this form and I'm fully aware as to the implications of this assignment.
- I am aware and acknowledge that penalties can be applied for providing misleading information in this form under the Renewable Energy (Electricity) Act 2000.
- I am the legal owner of this system at the time of its installation and confirm the installation of the system is complete (refer to Point 1 of Terms and Conditions).
- I have not previously created or assigned my right to create Certificates to another registered Agent for this installation.
- I confirm this form has been completed and I have checked the information and details on the form and, to the best of my knowledge, I deem them to be correct.
- I agree to assign my right to create Certificates to Rheem Australia Pty Ltd. I understand that the installation of this system is eligible for _____ Certificates.
- I authorise Rheem Australia Pty Ltd to amend any errors on this form to clarify eligibility requirements under the Renewable Energy (Electricity) Act 2000.

IMPORTANT: Penalties apply under the Renewable Energy Electricity Act 2000. See Page 2 for Details.

Do NOT sign or date this form before the installation of the system is complete or before the form is full complete, as this may lead to an offence.

Signed by the Owner of the Installation:

Signature: _____
Name: _____
Date: _____

Witnessed by the Installer/Agent:

Signature: _____
Name: _____
Date: _____

What is a Certificate Assignment?

The Owner of an eligible solar water heater or heat pump installed in Australia may qualify to create or assign their right to create Certificates. This can only be done **AFTER** the system has been installed.

You can create Certificates directly, by registering with the Office of the Renewable Energy Regulator (ORER), or by assigning your right to create Certificates to a registered Agent such as AquaMax (a subsidiary of Rheem Australia Pty Ltd ABN 21 098 823 511). You are not obliged to assign your right to create Certificates to us. If you choose to do so, you will receive the financial benefit either by Point of Sale Discount or after the Certificates have been created.

We will pay the current Certificate rate on the day that we receive the forms. The value of a Certificate may vary from day to day depending on market supply and demand.

To find out more information about Certificates you can call us on 1800 676 000 or view the government website at www.orer.gov.au. You can view our privacy statement on our website at www.aquamax.com.au.

Note: A solar water heater installed as a solar preheater to an existing water heater, and without the electric booster element connected to an electrical circuit at the time of installation, is not eligible for Certificates to be created for its installation.

Important: Under the Renewable Energy (Electricity) Act 2000, penalties can be applied for providing misleading information on this form, to the person assigning the Certificates or to us as the registered agent. This applies to the owner of the system, the installer, builder and agent.

Terms and Conditions

1. It is the Owner of the system **at the time of its installation** who has the right, under the Act, to create or assign their right to create Certificates. No other person or entity can legally create or assign the right to create Certificates unless contractually agreed. The time at which a water heater is taken to have been installed is the date when it is first able to produce and deliver hot water heated by solar energy. This means that:
 - All components that make up the water heater are installed and connected, and
 - The cold water plumbing from a water supply is installed and connected, and
 - The hot water plumbing from the water heater is installed and connected to the points of use or application, and
 - The water heater is full of water, has been fully commissioned and is in use or ready for use.
2. If more than one system has been installed, assignments for each system must be on separate forms. Please include a detailed description to allow us to distinguish between them. Eg Solar Water Heater West. Attach a document that clearly shows or describes the locations of the system.
3. We will not pay compensation for any variance and reserves the right to change the price offered for Certificates without notification.
4. Information on this form will be given to the ORER who may use it for auditing purposes.
5. The installation address must be detailed enough to allow the ORER to conduct a site visit, if required.
6. This form and required attachment(s), with all required information complete and correct, must be received by the our administration within 11 months of the installation date, in order to allow the creation of Certificates, otherwise a financial benefit may not be paid.
7. We reserve the right at our sole discretion to refuse multiple assignment requests.

Send Form and Attachments to AquaMax Water Heaters:

Post:

AquaMax Water Heaters
RECS Administration
PO Box 6
Rydalmere, NSW, 2116

Email: *

recs@aquamax.com.au

Fax: *

(02) 9684 9245

* Email and Fax Services are not available for systems with a capacity greater than 700L because Statutory Declarations must be ORIGINALS. Please send these assignments by post.

Attachment Checklist

Incomplete applications will be returned without processing. Please ensure you attach:

- Proof of Purchase** (this is the invoice from the dealer/agent to the customer). This must clearly show any point of sale discounts (if given).
- An Invoice for the financial benefit** (only if the payment is to be made to a business). The invoice should show your ABN and be made out to Rheem Australia Pty Ltd. It should be a tax invoice if you are charging GST.
- Two ORIGINAL Commonwealth Statutory Declarations** (only if the system capacity is more than 700L). Copies, including faxes and emails, cannot be accepted. For further information on the requirements of the Statutory Declarations and their content, please refer to the ORER website (www.orer.gov.au).
- A document that clearly shows the location of the systems** (only if more than 1 system has been installed on the site).
